INDEPENDENTS WIN TENNESSEE FIGHT

Vote on Judiciary Ticket a Rebuke For Governor Patterson.

LARGEST VOTE ON RECORD

Republicans Voted With Independents in Mountain Regions—No Trouble of Serious Nature Was Reported.

Memphis, Tenn., Aug. 4.—That the Independent Judiciary ticket swept Tennessee in today's election, defeating the candidates for whom Governor Malcolm R. Patterson stumped the State, is indicated by the returns received tonight.

Scattering returns from many p.'s of this State showed that the Republicans voted in force for the Independents in the mountain regions. The big middle Tennessee counties did not poll the votes expected by the regulars, and in West Tennessee the Independents appear to have held their own. The count is slow and the final result is not definitely known.

The vote is said to be one of the largest ever recorded in the State. In addition to the election of a Supreme Court and Court of Appeals, judges of inferior courts were chosen and Congressional primaries in four districts were held. The campaign was one of the bitterest ever waged. Interest centered in the Supreme Court race. In the Democratic Congressional primaries, indications are that Congressman Lemuel Padgett in the Seventh district, T. W. Sims, in the Eighth, Finis Garret, in the Ninth, and George W. Gordon, in the Tenth, were nominated for re-election.

No trouble of a serious nature occurred anywhere in the State, according to present reports. In Nashville, City Attorney A. G. Ewing, Jr., and J. W. Weaver, an officer of election, came to blows over the right of a negro to vote, but they were separated before either was hurt. Both were arrested.

At Morristown, Sheriff Carriger, of Hamblen county, was charged with depositing money with the trustee with an order to issue poll tax receipt to a number of applicants. Warrants were sworn out against him.

Smyrna, Rutherford county, was the scene of a clash between Robert Morton and two Taylors, father and son, in which all three suffered knife wounds. It is thought that Morton is wounded seriously.

The Early Returns.

Memphis, Tenn., Aug. 4.—At 9 o'clock partial returns from several counties in the State, exclusive of the larger cities indicate that the Independent judiciary candidates have carried East Tennessee by large majorities and that the regular Democrats, who are adherents of Gov. Patterson, are leading in the extreme Western part of the State.

Indications from returns at hand are that the Independent judiciary ticket has swept the State. Scattering reports received from many sections show that the Republicans voted in force for the Independents in the mountain districts.

The big middle Tennessee counties did not poll the votes expected by the regulars and in West Tennessee the Independents appear to have held their own.

Knoxville, Tenn., Aug. 4.—East Tennessee gave an overwhelming majority to the candidates on the Independent judiciary ticket today. At 11 o'clock the indications are that the majority in this section will not be less than 20,000, which, while 10,000 under first estimates made by the campaign managers of that faction, is in excess of what the regular Democrats expected this section to give.

The Lastest Returns.

Nashville, Tenn., Aug. —The independents elected their judicial tickets in Tennessee today in one of the most exciting and hard fought political contests ever known in the State. Following are the successful tickets:

Judges of the Supreme Court; Eastern Division, John K. Shields; Middle Division, D. L. Lansden, Matt M. Neil; State at Large, W. D. Beard, Grafton Green; Judges of the Court of Civil Appeals; Eastern Division, N. Y. Hughes; Middle Division, Joseph C. Higgins, S. F. Wilson; State at Large, Frank P. Hall, John M. Taylor.

The Independent leaders here claim that the majority will approximate 40,000 votes. The regular Democrats claim these figures will be cut by 10,000 or 15,000 votes and their leaders allege fraud in many places. They also charge that they were denied representation at the polls by the election commissioner dominated by the Independent faction. The latter represents in a large measure the State wide prohibition element of the Democratic party, which has been vigorously opposing Governor Patterson since his memorable campaign with the late Ex-Senator E. W. Carmack for the gubernatorial nomination.

Gov. Patterson entered the fight for the regular ticket and stumped the State for it. His enemies lined up solidly with the Independents. The Cooper case, charges of attempted coercion of the Supreme Court by the Governor in its decision of the famous trial, and his pardon of Colonel Cooper played leading roles in the campaign.

The Republican leaders, Newell Sanders and H. Clay Evans, entered the fight for the Independents and it has been charged that there was a deal following a conference at the White House in which President Taft participated. The endorsement by the Republican Committee of the Independents was followed by a break in Republican ranks and the negro vote, it was alleged, was solidly for the regular ticket.

Enemies of Gov. Patterson claim the result today will have disastrous effects on his political future. He is a candidate for re-election.

...MAN'S ESCAPE MARVELOUS

Miss Nellie Smith, of Rutherfordton, Laid Between Rails While Passenger Train Passed—Occurred Near Asheville.

Asheville, N. C., August 4.—Caught on a high trestle just beyond the Burgin tunnel, on the Southern Railway, between this city and Old Fort, Miss Nellie Smith, of Rutherfordton, this State, threw herself between the rails in front of a passenger train this morning and miraculously escaped death, when the engineer brought his train to a standstill over her prostrated body.

When the excited train crew and passengers gathered to pick out what they expected to be the young woman's mangled body, they were told by a muffled voice beneath the engine that she was unhurt.

The train was backed into the tunnel, and there was revealed, to the astonished gaze of the passengers and crew, the figure of a woman covered with cinders and drenched with water, but otherwise unharmed.

Miss Smith, who was remarkably cool and self possessed, was taken aboard the train to Old Fort, where she was received by a friend.

TAFT AT DEDICATION TODAY.

Monument to Mark Memory of Pilgrim Fathers—Notable Event.

Provincetown, Mass., Aug. 4.—At the dedication tomorrow of the tall granite shaft which has been erected on Town Hill, in memory of the famous compact which the Pilgrim Fathers signed in the cabin of the Mayflower before starting across the bay to Plymouth, President Wm. H. Taft will assist in completing an historic work which President Roosevelt helped to begin.

The occasion will mark the fulfillment of the work of the Cape Cod Memorial Association. Incidentally it will afford the President his first opportunity of reviewing a battleship fleet.

The Pilgrim monument rises from Town Hill, a sandy mound, to a height of 347 feet above the sea level and is the loftiest structure of solid construction in the country with the exception of the Washington monument.

The speakers at the monument will include the President, Gov. Eben S. Draper, Senator Henry Cabot Lodge, President Emeritus Chas Wel, of Harvard, VanWeede, charge de'affairs of the Netherlands legation, Congressman James T. McCleary, of Minnesota, and J. Henry Sears, president of the Pilgrim Memorial Association.

The arrival and departure of the President will contribute to the noise making part of the celebration. Each one of the ten battleships, drawn up in wo long lines, will fire 21 guns as the Mayflower steams into harbor. The President will then board the flagship Connecticut for a reception of the officers of the fleet and there will be more gunpowder burned. The third salute will be fired as the Mayflower leaves the harbor about 4 P. M.

"POETESS' STARTS SUIT

Sues Maryland Farmer For $10,000 Alleging Cruel Treatment.

Washington, D. C., Aug. 4.—Miss Alice Hallowell, known as "The Little Sunshine Poetess of America" who has numbered among her friends several former presidents of the United States, has filed a damage suit for $10,000 against Clarence L. Gilpin, a young Maryland farmer, charging cruel treatment.

One year ago yesterday, Miss Hallowell, according to the papers filed, was visiting her two sisters at Sandy Springs, Md. When the "Little Sunshine Poetess" refused to leave, she alleges that Gilpin was asked to take her to Washington, which was done by forcing her into a closed carriage and tying the door in spite of her struggles and screams. One of the sisters said today that her testimony would exonerate Gilpin, who is said to be related to a former mayor of Philadelphia.

TRIPLE TRAGEDY ON LONELY RANCH

Crime Revealed When Charred Remains Were Found in Yard.

THE FAMILY HAD DISAPPEARED

Search for Japanese Boy in California. Had Fight With Boy and Was Crazy for His Revenge.

Santa Rosa, Cal., Aug. 4.—A general alarm was sent out today for the apprehension of a Japanese boy, Henry Yamagachi, in the hope of obtaining a clue to a gruesome triple murder enacted on a lonely ranch. The crime was revealed yesterday, when county officers investigating the disappearance of a family of three discovered the charred bones of Enoch Kendall, Mrs. Ura Kendall, his wife, and Thomas Kendall, their son, in the yard of their canyon home north of Santa Rosa.

The finger of suspicion, according to the sheriff, is directed toward the missing Japanese. Yamagachi occupied a cabin on the ranch and had a violent quarrel with Thomas Kendall, manager of the Starbuck ranch. Young Kendall is said to have beaten and shot at the boy. Nursing his grievances against Kendall, Yamagachi is said to have acted like one demented.

A few days ago neighbors, noticing that nothing had been seen of the Kendalls for more than a week, called the attention of the sheriff to the case. Yesterday Sheriff J. K. Smith, accompanied by two court officers, visited the place. On the dining room table dishes had been set for a meal, but the food had not been touched. In the stable the family horse was tied in his stall, perishing of thirst and hunger. Pigs were starving in a pen.

No light was shed on the mystery until the kitchen stove was opened. In the ashes of the grate fragments of bones were found. It was seen that a light trail of cinders led from the stove through the door to the yard. Following this trail to a point some distance from the house the searchers came to an ash pile which contained a large number of human bones and several blackened pieces of jewelry, among which was a plain gold wedding ring that bore the inieitlas "T. A. K."—those of the younger Kendall.

Later another ash pile was discovered that concealed pieces of human skulls, a pair of gold spectacles and many charred bones.

Lying on the grass nearby was a breast pin that had a miniature of Thomas Kendall and which was identified by neighbors as having been constantly worn by Mrs. Kndall.

A search for the instrument with which the murders had been committed brought to light a heavy stone covered with blood, which lay in an adjoining garden under a fence. It is the belief of the sheriff that the crimes were actually committed with knives or guns and that the stone was subsequently used to dispatch the dying victims.

Enoch Kendall was 60 years old, his wife 55, and their son, Thomas, about 31. About 18 months ago they took possession of the S tarbuck r anch.

Frequent quarrels between the Kendalls and the owners of the land are known to have occurred.

GOVERNOR HARMON FAILS.

His Efforts to Settle Street Car Strike Prove Fruitless.

Columbus, Ohio, Aug. 4.—As a result of the failure of Governor Harmon's endeavors to settle the street car strike, retail merchants whose business has been seriously affected, tonight are seeking to get before the disputants a basis of settlement.

Governor Harmon was deeply disappointed at his inability to induce the union and the Columbus Railway and Light Company to take as a basis of agreement the recent decision of the state board of arbitration. He declared the strike must end, as every man, woman and child in Columbus was being disadvantageously affected by it.

Gen. John C. Speaks is in command of 1,500 troops left here since the departure today of the Second and Sixth regiments. There has been no rioting this week, and it is possible that within a few days all the troops will be removed from the city. Efforts to enlist special police have met with failure, as the mayor has been able to enlist less than a hundred, after several days' effort. He says he needs 1,400 if the troops are taken away.

MRS. BULL A WITNESS.

Testified Against Men Who Swindled Her of $35,000.

New York, Aug. 4.—Mrs. Mary Nevins Bull, widow of the eminent surgeon, W. T. Bull, spent an uncomfortable two hours on the witness stand in the Harlem police court this afternoon, while John F. McIntyre, counsel for John A. Qualey and Harvey Wiley Cornett, sought to break down her assertion that the two prisoners had swindled her out of $35,000 in a stock scheme.

That, on one occasion, she had sent Qualey a copy of her husband's will, was the most interesting development of the examination.

As Mr. McIntyre produced the copy Mrs. Bull cried angrily: "Do you mean to say that you kept that will?"

Mrs. Bull was on her feet, her veil raised, her eyes blazing.

"Then you are worse than I thought you were," she retorted quickly. The lawyer bowed and the magistrate rapped for order. Mrs. Bull threw the copy back at Mr. McIntyre, and he put it in evidence. Its connection with the case did not develop. Mrs. Bull will be recalled on Monday.

MISSOURI EDITOR TALKS WITH TAFT

Colonel Nelson Discussed Political Events at Beverly Yesterday.

SAYS TEDDY CAN "COME BACK"

Told Reporter That Roosevelt Would Not Run Unless Forced To—President Will Dedicate Pilgrim's Monument Today.

Beverly, Mass., Aug. 4.—Colonel William R. Nelson, owner of the Kansas City Star "dropped in" on President Taft at Burgess Point this afternoon. On his way to the President's cottage the Colonel said he wasn't going to talk politics if he could help himself.

Subsequently reports indicated, however, that a hearty exchange of greetings was quickly followed by an earnest discussion of recent events in the political world.

President Taft and "Old-Bill Nelson" as he familiarly refers to the Missouri editor, have been friends for a long period of time.

"What about the results in Kansas?" was the opening chorus from the newspaper group.

"Oh," laughed the Colonel, "my heart is not broken."

"And Iowa?"

"Well, I am managing to bear up under that pretty well, too."

"What do you think of the possibility of the next House of Representatives being Democratic?"

"It looks as though it would either be Democratic or Insurgent. At any rate you can bet it will be anti-Cannon."

"Kansas" added, the Colonel, "is filled with men who either made the State or the sons of men who made it. They think progressively out there and they act progressively. People in the East don't understand Kansas."

"Many Republicans, continued Colonel Nelson, "seem to think that the Republican party is made up of a majority of the voters of this country. In that they are wrong the Democrats have never put up a candidate for President, who ought to have won, that didn't win. Take Cleveland and Tilden for example."

"All this doesnt' mean that you are going to support Judson Harmon, does it?" queeried a venturesome reporter.

"Not against Theodore Roosevelt."

"Do you think Colonel Roosevelt can 'come back?'".

"Come back?" snapped the Colonel, "why, he'd sweep the country. But I don't think he will run unless he has to."

Colonel Nelson then spoke of his friendship for President Taft.

"Do you think he will be re-elected?"

"Now boys" laughed the Colonel, "you mustn't ask me foolish questions."

Ambassador Bryce, of Great Britain, and Mrs. Bryce also visited the President.

Tonight President and Mrs. Taft slept on board the yacht Mayflower which will sail soon after daylight for Providencetown, Mass., where the President is to review a fleet of fifteen battleships and speak at the dedication of the Pilgrims monument, the cornerstone of which was laid by Tneodore Roosevelt.

Others on board the Mayflower are Senator Lodge and Wetmore, Justice White and Secretary Norton.

Arrangements have been completed for the entertainment of President Montt, of Chile, at Beverly on Saturday. The South American executive, his wife and suite will arrive in Boston late tomorrow afternoon and spend the night there. The Mayflower will be sent to Boston for the distinguished visitors.

The yacht will come to anchor off the President's house at 12:30 P. M. and luncheon for twelve will be served 45 minutes later. Secretary of State Knox, Governor Draper, of Massachusetts, and Mrs. Draper will be among the guests. Returning to Boston on the Mayflower in the afternoon President Montt will take the 5:30 P. M. train back to New York.

No comment was available here tonight on the Gore charges in Oklahoma and it was said there will be none.

Norfolk is entitled to twenty delegates, five of whom will be appointed by the City Council.

CRIPPEN HAS LOYAL FRIENDS

Mysterious Acquaintances in London Continue to Offer Dentist Assistance—Has A Powerful Influence Over Miss Levene.

Quebec, Ont., Aug. 4.—Those mysterious London friends of Dr. Hawley Crippen, who have already retained counsel to defend him on a charge of wife murder, preferred further assistance by cable today. Two messages were delivered to the dentist in his cell. The first asked if he needed funds; the second inquired about the rumors circulated abroad, as well as in this country, to the effect that he had confessed.

Crippen replied by cable that he would appreciate some money and he reassured his friends that he had made no admission that would hurt his case. The wording of neither the message or of Crippen's reply was made public nor were the names signed to these from London obtainable. It is supposed, however, that the latter came from Arthur Newton, the London solicitor, who recently informed Crippen that he had friends, who would defend him and pay for an attorney.

It was said that a local attorney, whose name the authorities declined to divulge, sent word today to Miss Leneve, offering to represent her in any legal proceedings she might care to undertake. Although this attorney claimed he had been retained by the girl's family in England, she declined to accept his services. In her answer the young typist showed that the 50 year old dentist with the pale pasty face and fishy eyes, still exerts a stronger influence over her than her own relatives.

She sent back word that her case was Dr. Crippen's and that she would return to England to make her fight with him. And she has let fall no word likely to incriminate the man for whom she cut off her beautiful light brown hair, put on boys clothing and fled from England.

Premier Gouin said this afternoon with qualification that Dr. Crippen has made no confession.

Montreal, Aug. 4.—Inspector Dew, of Scotland Yard, arrived here today and spent the afternoon with Captain Kendall, of the steamer Montrose, the vessel on which Dr. Crippen was arrested. Tonight Dew left for Toronto and Niagara Falls, candidaly confessing that he left Quebec to escape newspaper men.

The offenders were located in a corn field in the outskirts of East Spencer and the raid was made by the officers at daylight this morning. Two unknown negro helpers, found at the plant, made good their escape.

Freeman, the leader of the gang, fled for his life being captured by Deputy Grider Beasley was also run down by Deputy Tolbert, a member of the raiding party. Freeman is an old offender and was landed in Rowan jail to await trial, while Beasley gave bond. The distillery was running in full blast when the officers arrived. After placing handcuffs on their prisoners the entire outfit together with twenty-five gallons of wine, was destroyed.

SENSATION SPRUNG IN GORE CHARGES

Vice-President Sherman and Others Named in Connection With Bribery.

BLIND SENATOR TESTIFIES

Tells of Proposed Graft Involved in McMurray Contracts in Oklahoma —Declares He Was Offered a Bribe of $50,000.

Muskogee, Okla., Aug. 4.—What happened in the private office of United States Senator Thomas P. Gore at Washington at noon last May 6th formed the basis of sensational charges involving the names of Vice President Sherman, Senator Charles Curtis, of Kansas, Congressman B. S. McGuire, of Oklahoma, and others, in a hearing before a special Congressional Investigation Committee here today.

During the 30 or 40 minutes of a conference held in that office Senator Gore testified that he had been approached by Jake L. Hamon, former chairman of the Oklahoma Territorial Republican Committee and also former chairman of the Oklahoma State Republican Committee and that he had been offered a bribe of $25,000 or $50,000 to remove certain legislation pending in Congress so that $3,000,000 might be paid to J. F. McMurray, an attorney at McAlester, Okla., and his associates.

The money was to represent "attorneys' fees" or ten per cent. of $30,000,000 which to be secured for a New York syndicate for 450,000 acres of coal and asphalt lands now owned by the Choctaw and Chickasaw Indians in this State.

Vice President Sherman's name was mentioned by Mr. Hamon. Senator Gore testified, as being interested in the land deal to the extent of favoring the approval by Congress of what are known as the McMurray contracts with the Indians.

What happened in another private room, in Washington and also where it was alleged Hamon made more "overtures" relative to the land deal was told by Congressman C. E. Creager, of the Third Oklahoma district. Congressman Creager supplemented the testimony of Senator Gore. He said on June 16th last he had been invited by Hamon to meet him in a private room at the Occidental Hotel in Washington.

Having gone there, Mr. Creager testified, he was informed he could have a substantial "interest" in the land if he would withdraw his opposition to the approval of the McMurray contracts by Congress.

Asked the question: "Were any figures mentioned as to how much you were to receive?" Mr. Creager replied, "No. I did not let it go so far as that. I made it plain I was not open to being influenced in that way. I had already gone on record as being firmly opposed to the granting of such an enormous fee for attorneys."

Congressman B. S. McGuire, who is charged by Senator Gore as "being interested" in the McMurray contract was said by Mr. Creager, in his testimony to have been at the time of his visit, an occupant of the same suit of rooms with Hamon and McMurray at the hotel.

Clerks of Senator Gore testified to having been invited by McMurray and Hamon to "frog leg" suppers at Washington, at which the Indians contracts were to be "talked over," These invitations, it was declared were all "turned down."

On one occasion, one of the clerks testified, Hamon said Senator Gore was awfully hard on his friends.

Senator Gore in his testimony asserted that the offer of bribery went so far that Hamon said the $25,000 or $50,000 would not be paid over in the form of a check or marked money but that "it would be all clean, hard cash."

The committee that heard the charges appointed by resolution of the House of Representatives to investigate the McMurray contracts, which are declared to have been made by McMurray individually with 10,000 Indians, each of whom agreed to turn over ten per cent. of his profits from the sale of land provided the contracts were approved by Congress.

The committee, headed by Congressman Charles H. Burke, of South Dakota, chairman ,is composed of Congressman Phillip P. Campbell, of Kansas, Charles B. Miller, of Minnesota, John H. Stephens, of Texas, and E. W. Saunders, of Virginia. Its initial session was held today. Congressman Creager's appearance on the witness stand followed a series of sensational statements. Among Senator Gore's assertions were the following:

"That Hamon told me that a man higher up in the Government was interested in the approval of the contracts and therefore there was no reason why Senator Gore should not be; that when asked who was the man higher up, Hamon had replied 'Vice President Sherman.'"

That Hamon told him Senator Curtis, of Kansas, was "interested" in the deal; that Hamon told him Congressman McGuire, of Oklahoma, was "interested" in the deal.

That Hamon told him an employe of the Department of Justice at Wash-

THE HOO-DOO HAS VANISHED

Sailors in Old Time Form, and Pasted the Pill From Right to Left—Game Won by Eight to Two.

Results Yesterday.
Wilson 3; Raleigh 1.
Wilmington 8; Goldsboro 2.
Rocky Mount-Fayetteville, rain.

Where They Play.
Wilson at Raleigh.
Fayetteville at Rocky Mount.
Goldsboro at Wilmington.

That terrible, ever-present hoodoo that has been pursuing the Sailors all around the circuit for the last two weeks failed to put in its appearance yesterday, and Wilmington tallied her second victory of this series by the score of eight to two against the Goldsboro Giants.

The game was well played, but for that matter all the games have been, and Hanks, for the locals, twirled a magnificent game, allowing five badly scattered hits. Merchant, for the Giants, was a little out of form, and allowed bases on balls at several periods of the game, which later figured in the scoring.

In the first inning, after Brown had died on first, Sharpe was given first on four balls, but Handiboe, next up, hit to Dubbs, who covered second ahead of Sharpe, and doubled to first, retiring the side. In Wilmington's half Hoffman walked, was sacrificed by Cooper, and after Tydeman had also ambled, Orth hit to right, scoring Hoffman and advancing Tydeman to third, going to second himself on the throw in to the plate. Mills hit to second and was safe on first, Tydeman scoring when the catcher dropped the throw from second. Kluttz hit to short, who covered second and doubled to first, retiring the side. In the second after the Giants had been retired in order, and Dubbs for the locals had fanned, Hudson singled to center, and Hanks beat out a bunt, Hudson scoring when the pitcher threw wild to first, but Hoffman flew to second and Cooper to center. In the third the visitors were again retired in short order, after which Tydeman led off with a single to center and scored when Orth mauled a scorcher to left, going to second on the throw-in. Mills was out to first unassisted, Orth going to third on his put-out, scoring while Kluttz was up on a wild pitch. Kluttz was out on first, as was Dubbs, retiring the side with two tallies.

In the fourth, after Brown had died on first, Sharpe was walked for the second time, but died on second, Handiboe flying to second and Morgan fouling to Hudson. Wilmington was out in order, and both sides were retired in the same way in the fifth, Hanks fanning three Giants in quick succession.

In the sixth Merchant started off with a bingle to right. Brown, next up, was safe on first, and Merchant on second, when Cooper threw wild to Orth. Sharpe singled to right, advancing both men, and with Handiboe at bat Merchant scored and Brown went to third when Hanks threw wild. Handiboe and McDonald were out on first, Brown scoring on McDonald's put-out, but Morgan stopped the run-getting when he gasped on first. The Sailors were out in order, as was Goldsboro in the seventh, after which Hudson hit one down third base line to the fence and made two bags easily. He was sacrificed to third by Hanks, after which Hoffman walked and Cooper hit to infield, scoring Hudson, Hoffman going to third on throw-in. Cooper stole second, and Tydeman hit to left for two bags, scoring both men, but Orth was out to first and Mills flew to right.

In the eighth Merchant singled to center and went to second on Brown's sacrifice. Sharpe hit to infield and was safe on first, but Merchant was out on third, Handiboe dying on first.

After Wilmington had been retired and McDonald had struck out in the ninth, Morgan singled down third base line, but was caught trying to stretch it, and Evans flew to left. Score: Wilmington 8, Goldsboro 2.

HOODO IS DEAD.

Funeral Was Conducted by Parson Hanks Yesterday Afternoon.

Lost, Strayed or Stolen—A hoodoo.

"And the villain still pursued them." Nit!

Won the ninth, but not "in the ninth."

The Giants seemed to have changed their nom de plume to "The Dwarfs."

Now that we've broken that hard luck streak so effectively, the fans may look for some swift sailing all around the 25-knot mark.

Hudson held down back-stop in his same old way, and the management is to be congratulated on securing him again.

Hefty Hanks performed that old trick that is all his own, of retiring all three of them via the strike-out route in the fifth.

Hoffman showed up in a manner that pleased the fans immensely, and will be a valuable acquisition to the Sailor crew.

That Merchant did not carry as extensive a line as on former visits here, attributable perhaps to the waning of the summer season.

"Smiling Al" swatted that capsule something terrific, and aided materially in putting the game on cold storage at several times.

Dubbsy Darling, we like to see those star stops you're in the habit of pulling off over the infield, but your uniform is getting dangerously near the tint of the outfield turf. 'Phone 29.

Second Baseman Burke was released by the management yesterday, as it was impossible to carry any over the thirteen men allowed. He has made many friends here, both by his work on the diamond, which at times has been up with the best, and by his gentlemanly manner off the field, who hope that he will find no difficulty in landing a job with some of the teams in the league.

Brooks will be on the mound for the Sailors today, and it's his day to win. The fielding of the Sailors in the last week's games has been of a variety to inspire any pitcher with confidence, and Brooks, the premier pitcher of the league, will go in to win. The attendance yesterday was gratifying, but such a game deserved a full grandstand, and it is hoped that it will be so today and Saturday. Wilmington stands a good show to take at least two, and maybe all three of the games.

YACHT HARRIETT FOUND.

Frightened River Pirates Abandoned Her in Norfolk Harbor.

Norfolk, Va., Aug. 4.—The yacht Harriett, heretofore reported stolen, was recovered today. The yacht was picked up in the harbor by the barge Maryland, Captain Cooke. It is believed that the river pirates who stole the boat became frightened and abandoned her.

The Harriett was recently purchased for $4,800 by W. B. McHorney, of the Merchants and Farmers' North Carolina line. It is said she was formerly owned by a State official of Delaware.

WILSON RALEIGH'S HOO-DOO

Score Three to One in Favor of Tobacconists Yesterday—Umpire Upchurch Wouldn't Stand For Hisses From Stands.

(Special Star Telegram.)

Raleigh, N. C., Aug. 4.—Wilson was the hoo-doo for Raleigh today 3 to 1 in a featureless game, except that in the fourth inning Umpire Upchurch became indignant at hisses from the grand stand and quit. They insisted he called a ball a strike. Upchurch says he was umpiring for accommodation and won't take such dragging.

SUES FOR HALF MILLION.

Action Against John D. Rockefeller and Standard Oil.

Cleveland, O., Aug. 4.—John D. Rockefeller today was served personally with a summons to appear in court in the suit for $550,000 damages brought against him and the Standard Oil Company at Findlay, Ohio, last week by Thomas B. Kelly and others.

Deputy Sheriff Holloran took the summons to Forest Hill, the Rockefeller home. Gatekeeper Pat Lynch sent the deputy on to the house in a carriage.

Mr. Rockefeller was standing on the front porch when Halloran arrived. He cordially shook the officer by the hand and asked him into the house. The carriage was again placed at Halloran's disposal when he made ready to leave. He declined, saying he would rather walk and get a good look about the grounds.

"Oh, if you want to walk," said Mr. Rockefeller, "go this way. It is much prettier." He accompanied Halloran a short distance.

The petition in the case recites that through its monopoly of the oil business the Standard Oil Company has caused the complainants to lose the amount sued for.

FLIGHT OF 350 MILES.

Balloon Philadelphia Makes a Marvelous Trip.

Danbury, N. H., Aug. 4.—Ending a balloon flight of 350 miles, the longest ever made from Philadelphia, Dr. Thomas Edwin Eldridge and Welch Strawbridge landed here today after having been in the air eleven hours. At one time he reached a height of 15,100 feet.

Dr. Eldridge and Mr. Strawbridge, the latter a prominent polo player and society man of Philadelphia, ascended from Philadelphia at 9:30 last night, amid intense darkness. Their journey extended over seven States and ended when they descendd in the midst of a thunder storm on the farm of Joseph R. Maxfield, 30 miles north of Concord. They made their flight in the Philadelphia II, owned by the Philadelphia Aeronautical Recreation Society, of which Dr. Eldridge is president. This balloon has a capacity of 50,000 cubic feet.

Dr. Eldridge holds a record for high ascents, having in June reached an altitude of 17,050 feet.

NO JURY TO TRY BROWNE.

A Venire of 200 Men Exhausted and a Second One Secured.

Chicago, Aug. 4.—Although the examination of 200 veniremen for a jury in the second trial of Lee O'Neil Browne, minority leader of the Illinois Legislature, charging him with purchasing votes for William Lorimer, for United States Senator, was only begun today, another venire of 100 men was ordered down today.

Sixteen veniremen had been examined when the Criminal Court adjourned late today, and of the 16 Charles W. Tode has been accepted tentatively by the State.

The jurymen examined were excused on statements that they had read the papers about the first trial and had formed opinions.

BALLINGER DETERMINED.

Interior Secretary Makes Second Denial About Resignation.

St. Paul, Minn., Aug. 4.—Secretary of the Interior Ballinger, while en route to Seattle, wrote the following note to the Associated Press today:

"Please say for me that reports to the effect that Senator Crane's conference with me had to do with the suggestion that I resign is without foundation.

"Our conference did not in the slightest degree relate to myself or any matter affecting me.

"Very respectfully,
"R. A. BALLINGER."

Norfolk, Va., Aug. 4.—Martin White, a negro, formerly employed by the LaFontaine Hotel at Atlantic City, N. J., was arrested here today on the charge of stealing silver from the hotel. White was endeavoring to dispose of some of the silverware when taken into custody.

AFFAIRS AT STATE CAPITAL

Governor's Mother Continues Ill—Fox Chase—Pure Food Violation—State Laboratory of Hygrene Good Roads—Hookworm.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 4.—On account of the continued critical illness of his mother at Scotland Neck, Gov. Kitchin found it necessary to break his engagement to deliver an address for the big reunion at Moyock today. The Governor's mother is considered to be just lingering with no hope for recovery or even for her to live very much longer.

A big Southern Express delivery wagon this morning had among a load of crates and packages a fine specimen of red fox that was shipped for delivery here. As the wagon was driving by Nash Park there was a collapse of some of the packages and the crate in which the fox was confined was broken so that before the driver or his helper could get to the crate the fox was out and "going some" toward the woods and open fields. He made a fine run through Nash Park, a large number of people giving chase in "hue and cry" fashion. However "Brer' Fox" showed that indefinite confinement had in no way impaired his fleetness of foot and the last seen of him he was passing out from the northwestern boundary of the city into the open country with every indication that these parts would not be honored with his presence for long.

In Asheville this week there is a hearing against parties charged with the violation of the State pure food law through persistent sale of butter and syrup that were not up to the minimum standard required for sale in this State. State Pure Food Chemist Allen has gone to Asheville to appear as a witness for the prosecution.

A. V. Fort and V. Williams are the principal incorporators for The Williams Mill Manufacturing Co., North Wilkesboro, capital $25,000 for making various mill machinery.

The annual report of the director of the State Laboratory of Hygiene, just out, recommends that the State arrange for the manufacure of all the diphtheria antitoxin needed for combating this disease and that it be furnished to all citizens alike free when prescribed by a competent physician. The present law that provides free anti-toxin for indigent poor fails to relieve a great number of poor, who won't be classed as indigent and yet cannot afford the high cost of the anti-toxin as bought from dealers. There were 49 counties and 13 cities that arranged for furnishing anti-toxin to their indigent poor through the special act of the last Legislature making the laboratory the distributing depot.

Another feature of the report of the laboratory director is that 63 municipalities in this State have fully equipped systems of water supply and that the great majority of them have shown in at least fair condition as to purity in examinations made during the year. There were 1,486 analyses of waters, five per cent. of them showing up bad. These were confined to nine towns where it is understood that the troubles as to purity have been remedied.

North Carolina's "apostle of good roads," H. B. Varner, of Lexington, is here for a day or two on business with the State departments and says that interest in good roads in all parts of the State and throughout the South is increasing wonderfully all the time. Mr. Varner is preaching good roads all the time through the Lexington Dispatch and the Southern Good Roads, the latter being the publication he recently started as the organ of the good roads movement for the South. He says that practically all the professional and commercial organizations of the State have pledged support for the movement to have the next General Assembly appropriate $250,000 for State aid in the construction of roads that will be constructed in accord with a general State system of connecting roads through counties that are to ultimately constitute through roads across the State, east and west, and North and south. He believes that the Legislature will not hesitate about making such an appropriation with the apportionment properly safeguarded.

Postmaster Willis G. Biggs, of Raleigh, who is leading the organization contest in Wake county for the control of the county convention here next Saturday said today: "I have seen the boast of a few disgruntled ex-officeholders and office seekers aided by the Democratic press that they will control 75 per cent. of the representation in the Wake convention. This is a slander on the 3,000 and more Republicans of Wake county made up of just as good men as can be found in the county. When the convention meets here next Saturday there will not be one-fourth of that convention controlled by Butler's schemers. If their boasts in the State amount to no more than their claims in Wake they are in a bad way."

August 23rd Editor Clarence H. Poe, of the Progressive Farmer, will sail from San Francisco for a tour around the world during which he says he expects to have his eyes especially open for every lesson the South can learn from distant countries in matters of agriculture, manufacturing, race and political problems, conservation, religious unrest and commercial opportunities. He will visit especially Japan, China, the Philippines, India, Holy Land, Egypt, and expects to reach Raleigh on the return some time in January.

In connection with the examination of the men of the companies composing the North Carolina National Guard for the hookworm infection it is found that the Second Regiment showed 5% per cent. infection while the First Regiment showed 37 per cent. infection. The Second Regiment representing the eastern and the First the western sections of the State. The examination of the Third Regiment, representing the central section, was not at all satisfactory it being incomplete with indications that the percentage is probably around 40.

Just now the children of the Odd Fellows Orphanage at Goldsboro are being examined with indications that the percentage of infection will be quite high. There are four men kept busy now all the time in the State laboratory here making the diagnoses, material coming in at the rate of 25 or more per day.

PENDER COUNTY INSTITUTE

Teachers at Burgaw in Large Numbers—Today the Big Occasion of the Week—Prof. Noble and Superintendent Murphy.

(Special Star Correspondence.)

Rocky Point, N. C., Aug. 4.—The Teachers' Institute at Burgaw conducted by Prof. Noble, of the University, and Supt. T. T. Murphy, of Pender, and others is well attended by the county teachers. Tomorrow, Friday, will be grand rally Educational Day.

Everyone interested in educational matters is invited to attend, bring a basket and make the day one of both profit and pleasure. There will be prominent educators of the State present, among them Prof. R. H. Wright, of the East Carolina Training School of Greenville, a new but lusty offspring that promises to do much for the training of teachers of which there seem to be a superabundance, judging from the way they respond to ads for teachers. There has been considerable improvement in teachers in the past quarter of a century. Yet there is remarkable room for growth, especially in the methods of spelling. The old "Blue Back Elementary Webster" is almost entirely ignored nowadays. There are "Gads" that know all about Pedagogics, Biology and all that high-sounding, high-faluting stuff that can't spell as simple a thing as mosquito.

The so-called vertical writing and a hybrid betwixt it and the Spencerian style are bad enough but mix them up with bad spelling and you have an uncouth mixture.

The biggest farce of the 20th century, about this week is road working time. The overseer assembles the hands about 8 A. M., they walk over the roads, toss in with a shovel a few chunks of turf from the ditch sides into the ruts, walk on and leave the roads' last condition worse than it was before being worked, report the roads Saturday in "good condition" to the Road Supervisors. This is done twice semi-annually, February and August. The rains and vehicles level down the aforesaid clods in about a month's time. In the meantime if you wish to get well shaken, why take a ride over those roads, so reported on good condition. As for mile and signboards at crosses and forks of roads, the traveler has to go to the nearest house and enquire the way. Somehow we hope to believe things will not always be thus—that Pender will issue bonds and build roads.

Some miscreant this morning as the Shoo-fly was nearing Marlboro between Slabtown and Pinchgut threw a brickbat at the cars and hurt a lady badly. The cars were on down grade and could not be held up at once and the boy escaped. It is supposed he was in Pinchgut branch concealed, when he threw the missile. It is to be regretted that such occurrences take place. Your informant did not learn whether the supposed boy was white or black. A suspicious character was seen who bore a tramplish appearance shortly after the cars passed.

There will be a farmers' basket picnic held at the Rocky Point Academy next Thursday, the 11th. Hon. Rivers Johnson, of Warsaw, will deliver an historical address. Dr. Jos. Hyde Pratt has been invited to come and make a good roads talk. Afterwards the young men and maidens will disport themselves. The Star is hereby invited and expected to send representatives.

Miss Biggerstaff, of Rutherfordton, is visiting Rocky Point, with Miss Annie Sanderson, who is home for a short vacation——Messrs. Robert D. Pearsall, Roger Miller and Henry Duncan are off with the Northeast squadron on a tent hunt, killing 'gators, eating cat fish and getting immune from mosquito bites on the river.

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

SEWERAGE DISPOSAL.

Tarboro, Rocky Mount and Greenville Before Board of Health.

(Special Star Telegram.)

Raleigh, N. C., Aug. 4.—Dr. Geo. G. Thomas, Wilmington; Dr. R. H. Lewis, Raleigh; Col. J. L. Ludlow, Winston-Salem, constituting the executive committee of the State Board of Health, heard today at considerable length citizens of Rocky Mount and Tarboro as to the adoption of sewerage disposal plants for these towns. For a long while both have been disposing of sewerage in Tar river. Now Greenville is taking her water supply from Tar river and there comes insistence that Tarboro and Rocky Mount take care of their sewerage in a way not to contaminate the water supply of Greenville. Several different plans are under consideration and the executive committee will decree a little later just what methods must be used by the respective towns. Here for Rocky Mount were L. V. Bassett, T. H. Battle, T. T. Thorne, R. L. Gay and Superintendent of Public Works Lyon. The Tarboro delegation included W. O. Howard, W. D. Clark, and Supt. Merritt, of the Tarboro Public Works.

Friday, August 5th, 1910.

Governor Harmon, of Ohio, has refused to pardon a burglar. When it comes to cutting the opposition out of a vote, the Democratic Governor knows his business.

The Socialists of Georgia have nominated C. O. Brown, of Atlanta, for Governor. He is a cooper by trade, but we'll bet he is one cooper that can't furnish a "barrel" for his campaign.

When the candidates for Governor in South Carolina hear each other speak, they wonder how so many demagogues ever got it into their heads that they could succeed to a position once honored by Wade Hampton.

The Ohio Republican nominee for Governor is a newspaper man. If an editor has no more gumption than to head a Republican column, he will be up against it in trying to furnish the voters with proof against Governor Harmon.

Says the Columbia State: "New York negroes propose that the negroes of America give Champion Jack Johnson a $25,000 gold belt, studded with diamonds." No North Carolina person of color will ever be caught pawning his razor for any such foolishness as that.

When Dr. Crippen and his disguised lady friend reached Father Point they could go to no "farther" point. May all such fugitives get their just Dews. Wherefore an injunction is herewith issued forbidding paragraphers from referring to the British detective as having done his Dewty.

In justice to Congressman Morehead, it should be stated that he has undertaken a laudable thing in his attempt to make North Carolina Republicanism respectable. Nevertheless, the old liners also hope to "clean up" Congressman Morehead at the Greensboro convention next Wednesday.

The South Carolina candidates, who are indulging in a joint canvass preparatory for the primary election, recently resolved to "act like gentlemen." Probably it means that all previous prevarications are to be ignored and that hip pockets shall be sewed up as an evidence of good faith.

Insurgency among the Western Republicans means a revolution of the political conceptions of the voters. The leaders are wise enough to know that they must steer towards public sentiment and practically adopt Democratic principles, in order to meet the growth of Jeffersonian ideas. It looks decidedly Democratic out West now, and certainly later.

It is reported from Atlanta that Governor Joe Brown writes poetry. Thus in the Georgia campaign we detect the handiwork and underhandedness of the muckraker. It is quite possible that Governor Brown can prove the falsity of the charge by sending specimens of his versification to the newspapers. We suggest this only in the interest of a square deal, monopolization of which positively is denied to Colonel Roosevelt. There are others.

A pastor at Yorkville, S. C., having been granted a month's vacation by his church, has made up his mind to spend his time visiting around among his country friends. There is one preacher who is a philosopher, as well as a good judge of fried chicken, milk and butter, juicy watermelons, peaches and cream and such like. He surely has perfectly correct knowledge of the proper season to take in the country, and we'll warrant that his conception of rural hospitality will not be disappointed. No doubt he has been there before and knows his business.

PARTY LOYALTY.

Col. Bryan did not agree with what the Nebraska Democratic convention did to him in rejecting what he stood for, but he refused to insurge. On the contrary, he says he will go into the Democratic primary, August 16th, will co-operate with his party, and will vote the straight ticket in November.

The Nebraskan is disappointing. His persistency in determining to be regular has disappointed thousands. They were in hopes that he would refuse to take his medicine, would contract a chronic grouch and actually insurge. That would have justified a great many Democrats who insurged against "free silver," but the Colonel was provokingly disappointing in that respect.

Considering that the "Peerless" one was "deposed," so to speak, when the Democrats of his State sat down on him at the State Convention, Colonel Bryan, by persisting in standing by his party in what he even considered a mistake, sets an example of loyalty that should be given serious consideration by Democrats who kick out of traces when they can't get everything they want. No platform and no candidate was ever free from objection, in whole or in part, to men who hold views along Democratic lines.

As a matter of fact, no greater blow could be inflicted upon the Democratic party than for Bryan, Parker or any others of its leaders, to fly the track and refuse to co-operate with their party because of some issue that really does not involve the cardinal principles of the party. When a party abandons its principles or becomes corrupt, it is time to desert it, but on matters of policy a man of convictions so far as cardinal principles go, only stultifies himself by deserting his party for one with radically opposite principles.

A Democrat from convictions makes a mighty poor Republican and if enough of his kind get into the Republican party it has within it an element that will disorganize and destroy it. A dyed-in-the-wool Republican makes a poor Democrat, and unless he makes his new party affiliations because he has decided to adopt its principles, he will be found some day endeavoring to put Republican livery on the Democratic "animule."

Every man ought to consider the principles of parties, adopt the one upon whose principles he has convictions, and as long as honest men of his party are nominated he can vote for them. The man who changes his party affiliations against his convictions is like a ship without a rudder. He never knows where he is "at," and nobody can precisely locate him. A straddler eventually becomes a straggler. The political comet gets nowhere.

MOREHEAD-BUTLER INDICTMENT.

A clever Republican friend thinks the Star is a little rough on North Carolina Republicanism, but President Taft first started the "rough house" against it and the Hon. John Motley Morehead and the Hon. Marion Butler have been making a noise like they coincided with the roughness of the President. They furnished the evidence in spite of the fact that they could have stood upon their right to decline to testify in behalf of the State.

The truth is Morehead and Butler prepared the bill of indictment, advisedly formulated the allegations in the complaint, and upon their motion the Republican State Convention at Greensboro next Wednesday may plead guilty and undergo the sentence of fumigation already prepared by Colonels Morehead and Butler. It really is none of our funeral, but, being a mere "looker on in Vienna," it certainly looks like Morehead and Butler are expecting the convention to hold a coroner's inquest on Republicanism as she has been and will be unless the Morehead-Butler antidote will bring about a cessation of the decomposition detected by President Taft a couple of years ago.

As a matter of course, if the Greensboro convention endorses Morehead and Butler, accepts their plan of purification and makes Morehead State chairman in accordance with his expressed intention of using the axe of decapitation on the defunct organization, it will be an act of self-condemnation, which may be the reasonable thing to do, but which, to a man up a tree, certainly will have all the appearance of a man kicking the stuffing out of himself.

There are a whole lot of honest, reasonable and discriminating Republicans and they are bound in reason to admit the logic of the statement that, if the convention brings in a verdict in accordance with the indictment and allegations of the committee on fumigation, that lets us out. It simply will mean a complete endorsement of all that President Taft, Morehead, Butler and the Star have said about North Carolina Republicanism.

We don't care a damask table cloth what the convention does. It will be no token that even a Respectable Republican party will be acceptable to the people of North Carolina. For that reason it will be the decent thing for the voters of the Good Old North State to clean up any kind of Republicanism in November.

MORE OF A GOOD THING.

More of a good thing is what we are to have in the Norfolk Landmark. Heretofore that esteemed and highly prized contemporary has been a six day paper, but beginning with the first Monday in August it became a seven day publication. It now comes to the Star on Mondays as well as every day in the week, and it is an agreeable reflection that the Monday paper is the same familiar old Landmark that has so grown on us during the years that we have handled it along with our other exchanges.

The Landmark, considering the life time of the Southern daily paper, is an old paper, having been established by the late James Barron Pope, brilliant editor, gifted poet, true man and polished gentleman. The Landmark has always been a truly representative Southern journal, typical of the South in its views, venerating its traditions and devoted to her best interests. The able editorial conduct of the paper now, as in the past, is one of the paper's distinguishing features, and for soundness of Democratic views unequivocally expressed in the best of English, we long ago contracted the habit of turning to that staunch Norfolk paper. The paper has a standard and it is high, and it has established a character and individuality that has ever marked its honorable and praisworthy career.

When Mr. Abell recently purchased the Landmark we knew that the paper was going to take on new life in keeping with the progressiveness of the age, but we wondered if the individuality of our esteemed contemporary was to undergo a change. We had the gratification, however, of learning that the editor who had given the paper tone and made its views both sound and attractive was to remain at the helm. We took it as an indication of Mr. Abell's sound judgment and concluded at once that there was to be no revolutionary change in the paper, except that under the new proprietorship there was going to be newspaper making on a new scale. Mr. Abell's purchase meant that, as a matter of course, and as it was his distinguished father who made the Baltimore Sun one of America's great papers, it was a natural inference that he had inherited the intuition and genius that meant power behind the Landmark.

The Star is gratified that it is so, and it congratulates the Landmark that its tone and soundness will be mainained while journalistic evolution is in progress.

It is to be hoped that none of those Northern paranoiacs will take the cue from Dr. Hawey H. Crippen.

By the way, Senator Foraker seems to have reappeared to Colonel Roosevelt as a political Banquo's Ghost.

President Taft sent Senator Crane to the West as his emmisary. Why didn't he send Uncle Joe, so the "insurgents" could get him?

A New York candidate announces that he is for woman suffrage. Verily that man is doomed to the martyrdom that has an affinity for any North Carolina politician who lets it leak out that he favors a dog law.

SIXTH DISTRICT TANGLE.

Maj. London Recalls Action Similar—Normal Democratic Majority.

Referring to the action of the State executive Committee with reference to the unfortunate situation which has developed in the Sixth Congressional District, Maj. H. A. London, in his paper, the Chatham Record, of Pittsboro, has the following:

"Action similar to this was taken some twenty years ago when there were two contesting factions at Wilmington, one called the 'regulars' and the other the 'reformers.' A committee of five was then appointed by the State committee (of which this writer was a member) and this sub-committee went to Wilmington, heard the evidence of both sides and the argument of counsel and rendered their decision, which restored harmony and settled the contest between the contending factions."

Discussing Republican possibilities and probabilities in the light of recent developments in the Sixth has been a favorite diversion recently with those who have a penchant for figures. In this connection it is well to bear in mind that the Democratic majority at the last election was upwards of 6,000 and that the Sixth showed the largest Democratic gains in the State. The vote was as follows:

LOST HIS LIFE IN POND.

James Richardson Drowned While Bathing Near Lilesville.

(Special to News and Observer.)

Wadesboro, Aug. 3.—James Richardson, a young man twenty years old, was drowned in a pond near Lilesville this afternoon. The accident occurred at Gravel-Pit pond, where a picnic was held today. Richardson, with other young men, went in bathing and Richardson could not swim. He was drowned before assistance reached him. His father, T. P. Richardson, lives at Lilesville.

CURRENT COMMENT.

We do not know how it was settled, but we are betting that Judge Adams got no part of the fifty thousand.—Durham Herald.

Mr. Morehead was not considered a politician two years ago, but he seems to have graduated since that time.—Durham Herald.

"There is farm land in York county," says the Yorkville (S. C.) Enquirer, "which a few years ago sold for $5 an acre, and which cannot now be bought for $20. Fifty-dollar and has got to be quite common." Same way all over this part of the South, only a little better in Mecklenburg, where land at $100 an acre is common.—Charlotte Chronicle.

Wilmington is a well-governed town and has money in the treasury, yet it thinks that things can be improved by a change to a commission form of government. A committee has been appointed to draft an amendment to the charter providing for the change. The new plan will eliminate a surplusage of commissions and consolidate and simplify the city government.—Charlotte Chronicle.

You can never tell by a Republican primary or precinct meeting exactly how the vote is going to be cast in the State convention, but from the returns from Saturday's county convention, it looks as if Morehead was about to get the best of Duncan. A compilation so far, it is said, will show that he is in the lead for State chairman. However, county delegations came here four years ago instructed for Blackburn for state chairman, but when the vote was taken they showed up in the Adams column. Morehead must guard against this, for your average delegate is most elusive. So far as can be seen, the Duncan men do not seem to be alarmed over the situation. They are going along unconcerned, probably with the idea that when the delegates are assembled they can do business all right.—Greensboro Record.

The Chronicle is in entire accord with Dr. Neff, the director of health for the city of Philadelphia, in his explanation as to the number of cases of typhoid fever brought back annually by persons returning from vacations. Dr. Neff says that 25 per cent of the typhoid fever cases in Philadelphia can be traced directly to infection at summer outing places. He believes that many people would be better off if they stayed at home through their vacation time, declaring that they "returned to the city after a short vacation weakened and run down from dissipation, late hours and the strenuous life led during their outing, instead of returning refreshed and strengthened by spending their time in a proper and healthful manner." In a bulletin, Dr. Neff gives this advice to those who do go away: "Avoid eating fruit that is green or over-ripe. Ripe fruit is not injurious. Do not frequent places where flies are numerous, especially in the kitchen and where food supplies are kept." All this is the deliverance of a sensible doctor.—Charlotte Chronicle.

Mr. Gudger, the Democratic nominee for Congress in the Tenth district, has chosen his cousin, Mr. Owen Gudger, as chairman of the executive committee and his campaign manager, the choice having been left to him by the committee. Chairman Gudger will open headquarters in Asheville, and the campaign will be begun without delay. Chairman Gudger is a member of the Asheville bar, and of his slection as campaign manager the Gazette-News says: "In former campaigns Mr. Gudger has shown marked capacity for organization, and he feels that in these details his cousin is peculiarly fitted to render valuable and effective assistance. He is active, energetic, and njoys a wide acquaintance over the district." The vote in the Tenth district two years ago was: For Crawford, 14,884; for Grant, 15,245—a Republican majority of only 361. There are 13 counties in the district, making an average Republican majority of less than 28 votes to the county. An average of 14 votes to the county from Republican to Democratic will wipe out the Grant majority of two years ago. Surely by good management and hard work this small majority can be overcome.—Charlotte News.

Whatever may be one's opinion of the regularity or irregularity of the nomination of Hon. Oscar L. Clark for Congress, none can question the fact that he is an honest man, a clean man, an able man. He is a farmer and a business man, perhaps the leading merchat of Bladen county, and no man ever was held in higher esteem by his patrons, and they are legion. It means something when the sales from a retail store in the dull summer season, in a small country town at that, amount to neary $2,000 in one day. The Bladen people, who know him best, love him. They have implicit confidence in his ability and integrity. They have been pleased to honor him with election to the State senate, and he proved himself true to every trust. He is the man who, more than any other in the upper Cape Fear country, is due the credit for what has been done towards drainage in this section. Mr. Clark was graduated from Davidson College when a young man. Immediately thereafter he married, and began mercantile life, which he has followed ever since with marked success. He is a man of charming personality, inteligent, versatile, strong, fit to make a congressman to reflect honor upon his district.—Fayetteville Index.

CONVICT PARDONED.

Had Been of Service in Escapes From Penitentiary.

(Special Star Telegram.)

Raleigh, N. C., Aug. 4.—Because he rendered valuable assistance in preventing the escape of a number of convicts when Convict J. L. Fox was killed last May, and at the same time probably saved the life of one of the guards, Governor Kitchin pardoned Robert Hunter, colored, serving seven years, from Stanley county, for bigamy. He had rendered similar service on previous occasions during the two years.

SOME MORE POLITICS.

Republicans of Columbus Turn to Mr. D. L. Gore for Congress.

(Special Star Correspondence.)

Whiteville, N. C., August 4. — The spit in the Congressional convention in the Sixth district is already bearing ill fruits in Columbus county. At the Republican meetings Saturday reports have been received of a number of men who have heretofore affiliated with the Democrats, joining the oposition. They give as their excuse that their old party has split up, and they are disgusted therewith. The Republicans in this county are preparing for a vigorous fight, and will not only contest the Congressional nomination of the Democrats, but put out candidates for every county office. There are only about 800 votes difference in Columbus, and the Republicans hope to overcome this.

A leading Republican in the county, in conversation today with a Star representative, said they confidently counted on the Democrats having two candidates in the field, as they did not believe the Godwin and Clark factions would ever be reconciled. This gentleman stated that his party intended to put into the field the best and most available man, and they had their eyes turned on Mr. D. L. Gore, of Wilmington, and with him as their standard-bearer they believed they could elect the Congressman. He said many Democrats would support Mr. Gore. Hon. I. B. Tucker said he was not in the race for Congress, but would gladly support Mr. Gore, and thought him the most available man his party could name.

There is a strong sentiment in this county in favor of holding a direct primary, as this will satisfy the people. Hon. J. A. Brown, of Chadbourn, was in Whiteville last evening, and said he hoped and believed the Congressional muddle could be settled to the satisfaction of the party; that it would never do for both Messrs. Clark and Godwin to remain in the field, for it endangered Democratic success.

A hunter was in Whiteville this morning who reported seeing, a few days ago, a flock of about 125 herons flying over the country, and going southward. These birds, once bred by the thousand in White Marsh, near our town, but as their wings are worth $2 per pair, hunters killed them off, and for several years they had disappeared. One hunter says he made $76 in one day killing herons.

FRECKLES

August Worst Month for This Trouble. How to Remove easily.

There's a reason why nearly everybody freckles in August, but happily there is also a cure for these ugly blemishes, and no one need stay freckled.

Simply get one ounce of othine, double strength, from J. Hicks Bunting Drug Co., and apply a little of it at night, and in the morning you will see that even the worst have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all summer, and spoil an otherwise beautiful complexion. Money back if othine fails.

A BREAK IN COTTON PRICES

Caused by Report That Texas Drouth Had Broken—Prices Steadied Up 10 Points in the Afternoon—No Aggressive Support.

New York, Aug. 4.—Accompanying a report that the Texas drouth had been broken in part at least, cotton prices broke 30 points today. There was a good deal of cotton on the market at times, some of it from houses who have accumulated some in the past few weeks, but there was no evidence of demoralization and when the detailed weather reports from Texas appeared, showing less precipitation than had been reported early, there was a disposition to buy back some of the cotton sold during the forenoon.

Prices steadied up 10 points in the afternoon on this buying, but there was no aggressive support pending further details as to the extent of the Texas benefit from rains. New York private dispatches took the stand that nothing but a good soaking rain would permanently help the Texas crop, and most of the wide houses advised the purchase of cotton on any further break. One firm credited with holdings of about 150,000 bales, sold upwards of 60,000 bales during the day. On the other hand mill interests were good buyers on the decline and it was said that spinners had taken possibly 250,000 bales out of the market during the past week. Liverpool was first to reflect the reported rains in Texas and sent selling orders here. Oklahoma advices mentioned considerable rain and in both Oklahoma and Texas there was a drop in temperature which in itself was quite a relief to those who are apprehensive as to crop conditions.

Near positions were relatively steady all day from demand of mills and shorts. Southern spot markets were generally unchanged. The local market opened easy at 9 to 15 points decline and at the close was steady with a net loss of 4 to 21 points.

Receipts at the ports today 1,171 bales against 2,444 last week and 672 last year. For the week 12,000 bales against 20,780 last week and 10,257 last year. Today's receipts at New Orleans 253 bales against 89 last year and at Houston 476 bales against 126 last year.

Spot closed quiet; middling uplands 15.45; middling gulf 15.70; sales 3,090 bales.

Futures opened easy and closed steady.

Rains in Texas Effect Liverpool—Rally With Buying.

(Special Star Telegram.)

New York, August 4.—Based on advices of Texas rains, Liverpool declined unexpectedly, and our market in consequence found many selling orders at the opening, reaching stop orders on the drop. The absence of confirmation, beyond that of vague and indefinite showers, brought a rally with good buying. Later the market was steady and quiet. High temperatures prevail in Texas and Oklahoma, with some prospect of cooler weather. The market at the moment moves in accord with the conditions in the southwest. Certificated stock is now 197,000 bales.

DULLNESS ON STOCK MARKET

Irregular Movement, With Speculators Watching and Waiting—Cause for Disturbing Effect on Sentiment—Conditions.

New York, Aug. 4.—The speculative attitude towards the stock market remains one of watching and waiting, as was shown in the halting and irregular movement of prices today, and the extreme dullness of the trading In the larger view, the doubts are whether the change in prices has met the deterioration in business as it has occurred and as it is foreseen. On the answer to that question would depend whether the stock market would withstand an additional falling off in business activity by maintaining prices.

In the more immediate view the questions to be solved have to do with conditions peculiar to the stock market itself. The belief that the bankers had been called again to relieve some over-extended accounts of large capitalists, and that some of the liquidation yesterday and early today was in that connection had a disturbing effect on sentiment. The relief thus afforded removes the threatening influence so far, but does not remove the apprehension that further work of the same kind is to be done.

The bear party, upon attempting to depress prices by offers and sales at concessions on short account, encountered evidence of a buying power that made them cautious. The supply of stocks also showed a tendency to decrease when bids were made to secure them to cover shorts. The joint effect was the narrow, hesitating drift of prics.

The course of the crops holds the largest share of speculative. The evidence of improvement in conditions affecting the corn crop does not preclude an anxiety over the critical period still to be met by that crop. The cotton market today was taken also to indicate more hopeful prospects, the predictions of rain in the southwestern portion of the belt making an element of that feeling. A rported denial by the president of the United States Steel Corporation that prices of steel products were being cut did not set at rest entirely the belief hat the market in that industry was tending lower.

In the field of politics, the action of party conventions in the Western states was advanced by some operators as ground for selling stocks, in the view that movements to alter the tariff and renewed agitation of anti-corporation sentiment would detract from the demand for corporation securities.

The favorable views of the crop outlook and several good reports of car loadings by railroads, were factors in turning the downward movement of prices upwards. The net changes proved trivial. The heavy congestion of the scanty dealings in United States Steel, Union Pacific and Reading was proof of highly professional character of the market. Bonds were irregular. Total sales par value, $1,473,000. United States bonds were unchanged on call. Total sales for the day, 306,000 shares.

PLEASED CLARKTON PEOPLE.

Excursion to Johnson City Through Tennessee Mountains.

(Special Star Correspondence.)

Clarkton, N. C., August 3.—Many of our people from this section, 526 in all, took in the excursion to Johnson City last Thursday. The splendid railroad service, the kind attention of officials, and the lavish expenditure of nature's best, all contributed to the happiness and pleasure of the many pleasure seekers, who are singing the praise of Capt. J. C. Jones and his very efficient helpers. The mountains, the rivers, the forests, the birds, the flowers, so generously gave their all to the eleven passing coaches freighted with human life; a sight of the mountains is fascinating and inspiring. Nature in its ruggedness is sublime. The scenery along the railroad is beyond description. The wonderful achievements of man are manifest everywhere. The splendid roadbeds, the curves, the cement walls along the rivers, the tunnels—all proclaim the greatness of the human mind. Beautiful Johnson City was reached in the evening. After a most delightful stay the excursionists returned home Saturday, without an accident or any occurrence to mar the pleasure of the outing. Since Clarkton was the starting point for the excursion, and since Captain Jones was in charge, the fondest hopes were realized. The people in this section will esteem it as a special favor to have the next excursion run in the same way and under the same management.

SENSATION SPRUNG IN GORE CHARGES

(Continued From Page One.)

ington was "interested" in the deal: that he (Senator Gore) knew the name of the employe, but would not divulge his name or the name of his informant especially because the latter would lose his position.

That former Senator Long, of Kansas, acting as counsel for McMurray had gone to President Taft on April 28th to urge the approval of the contracts but that the President said: "It would take a good deal of argument to convince him that the amount of fee asked by McMuray was justified."

Senator Curtis today sent a telegram to the committee denying that he was in any way interested in the contracts and offering to appear before the committee. Chairman Burke said Senator Curtis would be subpoenaed to testify.

An account of that part of Senator Gore's testimony referring to Vice President Sherman follows:

Mr. Burke—In your conversation with Mr. Hamon you stated he named a very high official that he said was interested" in these contracts. You omitted his name.

Mr. Gore—I say again I should very much prefer not to name it. I am, however, subject to the will of the committee.

Mr. Burke—The committee is here to get the facts and we must have all this conversation.

Mr. Gore—He suggested that Vice President Sherman was interested in the contracts.

Thomas H. Owen, counsel for Mr. Gore—In that connection you spoke of an article appearing in a Kansas City newspaper that two gentlemen had called on the President. I wish you would say who was mentioned in that article.

Mr. Gore—In the newspaper of April 14th, Vice President Sherman and Senator Curtis were named as having called to discuss the segragated coal and asphalt lands. I think before the Senate met the next the information came to me.

Senator Gore explained that he believed Vice President Sherman was favorable to the contracts and a short time later he introduced a resolution in the Senate that would require further action of Congress before the contracts would be approved.

Asked if he had ever met Hamon Congressman Creager replied: "Yes I met him by appointment at his rooms at the Occidental Hotel in Washington. He invited me there saying he wanted to talk over a little matter.

"At that time efforts were being made to have the President approve of the McMurray contracts. I already had gone on record as being opposed to their approval. Well, when I got to the hotel and was sitting in a room with Hamon he began to urge me to withdraw by opposition. He suggested I might have an interest in the contracts."

Congressman Miller—Were any figures mentioned? Did he say how much interest you might have?

Mr. Creager—No I did not let it go as far as that. I made my language pretty emphatic that I was opposed to the contracts and would not be influenced.

Congressman Stephens—You mean to say that you regarded the offer of such a character as to arouse your indignation?

Mr. Creager—Yes that's it. I regarded it as an offer to influence my attitude toward the contracts. It was even suggested that I call together all the officials I could and defeat the measure, opposing the approval of the bills.

Congressman Miller—What kind of rooms did Mr. Hamon and Mr. McMurray have at the hotel?

Mr. Creager—Oh, three or four front rooms. Representative McGuire, of Oklahoma, occupied part of the Hamon and McMurray suite. I met Hamon later at different times. When he heard I was coming to testify before this committee he urged me not to. He expressed the hope that I would make no statement before this committee.

Recalled to the stand Senator Gore was asked to mention the name of the employe of the Department of Justice who had told him that another employe—an official in that department, was interested in the contracts.

"That I could not do," replied Senator Gore. "The matter was imparted to me in confidence and I regret that it was mentioned here at all."

"Now Senator," interposed Congressman Campbell, "don't you think it unfair to go as far before this committee and yet not tell all you know. You know we are here to learn the truth and we would like to have all of it made known."

"No, I would rather not. It is well known that heretofore employes of that department have lost their positions for giving information and I would rather that this feature of the investigation be dropped."

Senator Gore testified he and Hamon long had been friends and had been interested in business transactions at Lawton, Okla., in which money loans were involved. Mr. Hamon is an attorney of Lawton, which is Senator Gore's home town. Hamon is 37 years old and married.

References to invitations to "frog leg" banquets and to alleged assertions by Hamon that Senator Gore was "going back on his friends" were made in the testimony of D. F. Gore, private secretary and brother to Senator Gore.

D. F. Gore stated that he was in his brother's private office at noon on May 6th when Hamon appeared.

"I stepped into an adjoining office and left the Senator and Hamon alone except that once in a while I went in and out. When they quit talking in about 30 or 40 minutes Hamon came into my room.

"'Well,' he said, 'the Senator is getting awful hard on his friends I want to make a lot of money, Dick, and I don't care how I make it.' I did not know then what they had been talking about but when Hamon left the Senator said he had been talking about the McMurray contracts and Hamon had offered him $25,000.

"The Senator said Hamon offered to increase the amount."

J. Leroy Thompson, stenographer to Senator Gore testified he also was in and out of the Senator's room when Hamon was present. He too, was invited to the "frog leg" banquet he said, but declined.

Congressman Campbell—How long were the Senator and Hamon at conference together?

Thompson—About 30 or 40 minutes. When Hamon came out I overheard him say he wanted to make a lot of money and he did not care much how he made it.

"Did you hear anything that was said at the conference?"

"No I did not. Usually when Hamon called I heard everything that was said. There never before had been any effort to conceal it. But this time it was different."

"In what way was it different? Did Hamon act differently?'

"Yes, he appeared not to want to say anything when I was in the room which was quite opposite from his usual manner."

That the Choctaw Indians, who had protested against giving ten per cent. attorney's fees to McMurray had been asked to rescind their action, formed the substance of testimony offered by W. A. Durant, a Choctaw Indian, and a member of the Oklahoma State Legislature.

Hamon Talks of Charges.

Mr. Hamon tonight declined to discuss Senator Gore's charges and said he would not make any statement except in response to categorical questions. The following questions in an interview were then put to him:

"Did you offer a bribe to Senator Gore?"

"I did not."

"Did you offer to give him an interest in the McMurray contracts?"

"I did not."

"Did you offer to bribe Congressman Creager?"

"I did not."

"Did you offer him an interest in the McMurray contracts?"

"I did not."

"Did you mention to Senator Gore or to any one else that Vice President Sherman was interested in the approval of the McMurray contracts?"

"I never mentioned such a thing to any one."

"Did you say Senator Curtis was interested in the McMurray contracts?"

"I did not."

"Are you yourself interested in the approval of the McMurray contracts?"

"I am not."

Mr. Hamon declined to answer other questions, saying he expected to appear before the committee when he would tell all he knew.

Curtis Makes Denial.

Topeka, Kas., Aug. 4.—United States Senator Charles Curtis when told today about the allegations made by Senator Gore at the Muskogee Congressional Inquiry into the Indian attorney fee matter in which his name was used as one of those interested in the McMurray contracts, emphatically denied having any connection with the matter whatever. He gave the President, members of the cabinet, and his fellow Senators as witnesses to prove his assertions.

Senator Curtis today sent a dispatch to Chairman Burke, of South Dakota, and Congressman Campbell, of Kansas, of the Board of Inquiry, in which he declared that the use of his name in connection with the McMurray contracts was without foundation and that he would appear before the committee at any time and place desired. After sending these dispatches Senator Curtis made a statement in part as follows: "The use of my name in connection with the McMurray and Long contracts is without foundation. I am not and have not been interested with either of them directly or indirectly."

Vice President Replies.

Big Moose, Aug. 4.—Vice President James S. Sherman issued the following statement tonight concerning the charges made by Senator Gore at Muskogee today:

"The story that comes to me about the charges made by Senator Gore at Muskogee today is absolutely without the slightest shadow of foundation."

Declares Charges Fake.

Guthrie, Okla., Aug. 4.—Representative Bird S. McGuire, of the First Oklahoma district, in a statement here today to the Associated Press denied emphatically that he had now or ever had had any interest in Indian contracts with McMurray or anyone else. He said he would go to Muskogee at once and appear before the Congressional committee now in session there.

"I don't know what was said to Senator Gore," stated Mr. McGuire here today, "or whether anything was said to him by any persons but this much is true: No man who is honest and responsible will say that I have now or have ever had, any interest in any Indian contracts with McMurray or anybody else.

"A man who would base a statement in the United States Senate on what some person may have told him in a matter like that is nothing more or less than a common slanderer."

After stating that he would attend the investigation tomorrow Mr. McGuire said: "I expect they will want me to make a statement and to a dead certainty I'll be ready to make one."

Utica, N. Y., Aug. 4.—Vice President Sherman left Utica this afternoon for Big Moose in the Adirondacks unaware of the charges made by Senator Gore. Because of a storm which placed the telephone system out of commission he was not reached until after 8 o'clock this evening. Conversation then was difficult and Mr. Sherman would not discuss the charges until in a position to hear and address the interrogator without chance of being misunderstood.

The charges of Senator Gore were received with surprise in this city. None of Mr. Sherman's intimate associates in business would place any credence in the suggestion.

Washington, Aug. 4.—The implication that an unnamed employe of the Department of Justice was involved in the McMurray Indian contracts investigation surprised officials of that Department today. There are no charges pending against any one in connection with the inquiry which had its inception in the closing hours of the last Congress, when Senator Gore declared that improper influences had been brought to bear in behalf of legislation in favor of the so-called contracts. If any definite basis develops calling for investigation within the Department as the result of the sensational charged of Mr. Gore it is conceded that action will be taken at once.

NASH COUNTY DOINGS.

Mrs. Sam D. Griffin Buried—Moving For New Depot.

(Special Star Correspondence.)

Nashville, N. C., August 4.—Mrs. Sam S. Griffin was buried at the old Griffin burial grounds near here today, the funeral services being in charge of the Rev. J. E. Hocutt. Mrs. Griffin died yesterday, after several weeks of illnss. She is survived by her husband and three small children, the youngest being only a little more than a week old. Mrs. Griffin was the second wife of Mr. Griffin, and just nine years ago to the day, the hour and the minute, his first wife died. The deceased was a member of the Baptist Church, and had many friends here.

There is being agitated in Nashville the matter of asking the Atlantic Coast Line Railroad to build a depot more in the heart of Nashville. It is said that the citizens of the town will give a right of way into the center of the town and offer other inducements. There is an ideal location for a depot just in the rear of the business houses of the town, and pressure will be brought to bear in convincing those in authority that the change in the depot will be desirable. Nashville is growing, and the suggested location of a depot near the Warren Roller Mill is considered ideal. It is now some distance from the business houses of Nashville to the present depot. Business men have pointed out that the railroad has at other points run in our tracks, and it is reasoned that something like this should be done at Nashville.

GANS LOSING IN FIGHT.

Death of Former Champion Expected Before He Reaches Home.

Chicago, Aug. 4.—Joe Gans, former lightweight champion pugilist, one of the most popular fighters in the country, may not live to see his mother and father in Baltimore, whither he is hastening from Arizona. Gans was unable to arise from his cot when he arrived in Chicago today, and oxygen was used to maintain the spark of life. He was taken to the home of his first wife, Mrs. Madge Gans, who opened her house to him and the woman who succeeded her in his affections.

Physicians accompanying Gans doubted that he would be able to leave Chicago, but he was insistent that they use every device to prolong life till he could bid farewell to his parents. A big part of Chicago's colored population was at the station to meet Gans.

The doctors finally yielded to his pleas that a start be made for Baltimore, and reservations were made on an eastbound train leaving Chicago at 5:30 p. m. today. His physician said he believed the effort to reach Gans' home would be fruitless, as it was improbable the fighter would live longer than today, but a start would be made to please the patient.

ASHEVILLE MURDER TRIAL.

J. B. Allison Being Tried for Killing Patrol Wagon Driver.

(Special Star Telegram.)

Asheville, N. C., Aug. 4.—The State is making rapid progress in the trial of J. B. Allison for the murder of Floyd McGee, July 5th. The jury was selected by noon, and the State introduced all its evidence this afternoon, five witnesses being examined. The State is making a strong case. Hall Davis, a blacksmith at the shop wnere the murder occurred, was the star witness, his testimony being in effect that Allison came into the shop, looked around, took a stand by the wall, and seeing McGee in an adjoining shoe shop, stuck his hand through the door and fired. After McGee fell near the anvil, witness testified Allison snapped his pistol twice at his head, but it failed to explode. Then he seized a two-pound sledge hammer and struck him in the head. Allison claims self-defense, but seems unable to break the testimony of the State's witnesses. The defense has its inning tomorrow.
